APIIT Business and Management Programmes

> **Document Number:** 03
> **Institution:** Asia Pacific Institute of Information Technology (APIIT) Sri Lanka
> **Research Date:** November 10, 2026
> **Description:** A verified overview of all business-related academic programmes offered, including management, marketing, finance, and specialized degree pathways.

1. Introduction to the Business Faculty

The Business Faculty at APIIT Sri Lanka offers a comprehensive suite of undergraduate degrees awarded by the University of Staffordshire, UK. The programmes are designed to provide industry-relevant skills, practical knowledge, and professional preparation for global business environments [APIIT-007].

1.1 General Business Entry Requirements

Admission requirements are broadly standardized across all BSc (Hons) Business programmes [APIIT-008]:

- **Standard Route (3 Years Full-Time):** Requires a minimum of 3 passes at GCE Advanced Level (Sri Lankan), OR 3 D passes at GCE Advanced Level (London/Cambridge/Edexcel), OR any combination totalling 12 points under the applicable tariff scheme. Alternatively, completion of the APIIT Sri Lanka Business Foundation is accepted. A Credit Pass (Grade 4) in English at GCE/GCSE Ordinary Level is mandatory.
- **Accelerated Route (2 Years Full-Time):** Requires 3 C passes at GCE Advanced Level (Sri Lankan, Edexcel, or Cambridge), plus the mandatory O/L English Credit Pass.

2. Undergraduate Business Programmes

2.1 BSc (Hons) Business Management

Qualification Awarded: BSc (Hons) Business Management

Awarding Institution: University of Staffordshire, UK

Study Mode & Duration: Full-time standard (3 Years) or Accelerated (2 Years).

Programme Overview: Provides broad, practical knowledge and academic preparation for professional management careers. This core degree allows students to grasp fundamental business concepts across marketing, finance, and operations before specializing in leadership and strategy.

> *Note: Campus availability (Colombo vs. Kandy) for each distinct business programme is not explicitly detailed in the general directory. Prospective students should verify with APIIT Admissions.*

2.2 Business Management Specializations

Students can opt for specialized pathways under the Business Management umbrella to focus their career trajectory [APIIT-008]:

2.2.1 BSc (Hons) Business Management (Innovation and Entrepreneurship)

Programme Overview: Designed for students who want to drive change, create new products, or start their own ventures.

- **Year 1:** Foundations of Management, Intro to Management Accounting, Marketing in the Business Environment, Managerial Economics, Business Law, Foundations of HR Management.
- **Year 2:** Operations Management, Management Accounting, Managing Equality, Diversity & Inclusion, Sustainable Business Development, An Entrepreneurial Mindset, Enterprise in Practice.
- **Year 3:** Authentic Leadership, Data and Decision-Making, Innovative Change Management, Entrepreneurial Strategy, Consultancy Project.

Career Opportunities: Product Innovation Manager, Business Analyst, Business Process Specialist, Product Development Manager, or Entrepreneur.

2.2.2 BSc (Hons) Business Management (Human Resource Management)

Programme Overview: Focuses on the ability to attract, develop, and retain exceptional people, as HR is a critical component of successful businesses [APIIT-008]. The programme covers employment relations, talent management, and strategic HR leadership.

2.2.3 BSc (Hons) Business Management (Sustainability)

Programme Overview: A targeted pathway focused on sustainable business practices, environmental responsibility, and corporate governance in the modern global economy [APIIT-008].

2.3 BSc (Hons) International Business Management

Qualification Awarded: BSc (Hons) International Business Management

Awarding Institution: University of Staffordshire, UK

Study Mode & Duration: Full-time standard (3 Years) or Accelerated (2 Years).

Programme Overview: Prepares students for management roles across international borders, including global marketing, international logistics, import and export, and multinational operations [APIIT-009]. It addresses the challenges of globalization and international trade.

2.4 BSc (Hons) Accounting and Finance

Qualification Awarded: BSc (Hons) Accounting and Finance

Awarding Institution: University of Staffordshire, UK

Programme Overview: Goes beyond basic taxation and financial management to provide a comprehensive grounding in core financial principles. It is designed for students with a drive to influence financial decisions and offers a rigorous, professionally aligned curriculum [APIIT-010].

Career Opportunities: Graduates can pursue roles such as Financial Analyst, Management Accountant, Auditor, or Corporate Finance Specialist. Students may also apply for relevant professional exemptions depending on their qualifications [APIIT-008].

2.5 BSc (Hons) Digital and Social Media Marketing

Qualification Awarded: BSc (Hons) Digital and Social Media Marketing

Awarding Institution: University of Staffordshire, UK

Programme Overview: Addresses the rapid shift to digital commerce. This degree covers digital strategy, content creation, social media management, data analytics, and digital consumer behaviour [APIIT-007].

Career Opportunities: Opens a wide range of career opportunities in digital marketing, social media management, SEO/SEM specialization, and broader marketing communications roles.

> *Note: For programmes 2.2.2, 2.2.3, 2.3, 2.4, and 2.5, full module-by-module breakdowns and specific assessment methods were not publicly available in the reviewed top-level directories. Prospective students are advised to contact the Business Faculty for detailed semester structures.*

3. Business Foundation Programme

Qualification: APIIT Sri Lanka Business Foundation

Awarding Institution: Approved by University of Staffordshire, UK

Programme Overview: A preparatory programme designed for students who do not meet the direct GCE A/L entry requirements for the bachelor's degrees. Successful completion guarantees progression into the first year of any of the BSc (Hons) Business or Management degrees listed above [APIIT-008].

4. Academic Experience and Support

Throughout their studies, Business faculty students have access to a wide range of learning support platforms and e-resources [APIIT-008]. This includes:

- **LinkedIn Learning:** Provided to students for continuous professional development and supplementary certifications.
- **Industry Integration:** APIIT has partnered with leading corporates in the country to provide internships and work placement opportunities to help students transition into the professional world.
